

## MASTER CLASS IN LANDSCAPE RESEARCH

### **Provider**

UNISCAPE, European Network of Universities for the implementation of the European Landscape Convention. Website: <http://www.uniscape.eu>

### **Location**

European University Institute, Florence, Italy  
Sala Seminario 2 - Badia Fiesolana

### **Presentation**

The *Master Class in Landscape Research* will develop the following themes: landscape identification and typology, participation, perception, and effects of policy development on landscape. The aforementioned topics will be analysed with reference to the European Landscape Convention and in particular to urban, rural and periurban landscapes.

The program includes 13 hours of lectures and 8 hours of guided excursion. The panel of invited lecturers offers a wide range of methodologies and experiences in the field of landscape research. The Master Class is addressed to PhD students, researchers and students interested in landscape and willing to discuss and deepen their knowledge comparing it with other approaches.

Professor Mauro Agnoletti (Florence University, Department of Environmental Science and Technology) is the scientific coordinator of the Master Class, designated by UNISCAPE.

### **Subjects of the lectures**

Interdisciplinary Approach in Landscape Research; Participation Studies; Perception Studies; Landscape Identification and Typology (urban/rural/periurban); Effects of Policy Development on Landscape.

### **Excursion “Landscape transformations in the Chianti area” (in collaboration with CIVILSCAPE)**

The program includes a full day field excursion in the Chianti area (22 October 2010). During the excursion different typologies of landscape will be analysed and assessed: traditional rural landscape, periurban landscape, industrial landscape and urban landscape.

### **Faculty**

Mauro Agnoletti, Florence University  
Marc Antrop, Ghent University  
Juan Manuel Palerm Salazar, Las Palmas de Gran Canaria University  
Bas Pedroli, Wageningen University  
Daniela Poli, Florence University  
Oliver Rackham, Cambridge University  
Maggie Roe, Newcastle University

### **Learning Outcomes**

- Develop landscape research methodologies and strategies.
- Challenge students to exchange their experience and knowledge in landscape transformation, management and planning.
- Enhance students’ practical skills in landscape field analysis and assessment.

### **Language**

English

### **Eligibility**

20 Post-graduate (PhD), PhD and students.

### **Registration**

The number of participants is limited and they will be selected by the Faculty taking into account their resumes and recent achievements. The preregistration form is available on UNISCAPE’s website.

To submit your request forward the form, fully filled in, and a copy of your resume to: [andrea.tramontana@uniscape.eu](mailto:andrea.tramontana@uniscape.eu).

Application deadline: September 18th 2010.

The 20 selected students will be contacted within 20<sup>th</sup> September.

Registrations will be confirmed as soon as the payment of the fee is completed.

### **Fee**

The Master Class Fee is 150€.

The fee includes the excursion of 22 October and, prior request, the participation to the Conference *Living Landscape - The European Landscape Convention in research perspective* (Florence, 18-19 October 2010).

For students already registered to the aforementioned Conference the fee of the master Class is 100 €.

More information will be available in September on the website: <http://www.uniscape.eu>
