

PEOPLE'S LANDSCAPES International Photo Contest

UNISCAPE organises the International Photo Contest People's Landscapes, open to all students of the Member Universities of UNISCAPE from 18 to 35 years old.

The aim of the contest is to encourage students to observe landscapes through the eyes of people in order to express how each one of us sees and perceives our landscapes by capturing the soul and the transitory identity of places, in particular of the degraded and everyday landscapes.

Participation

The participation to the contest is open to all students of the Member Universities of Uniscape from 18 to 35 years old. Each student can participate with a maximum of three digital images in color or in black and white.

The images must regard landscape as it is meant by the European Landscape Convention; therefore they may concern natural, rural, urban and peri-urban areas, including inland water and marine areas, but also those landscapes that might be considered outstanding as well as everyday or degraded landscapes.

The images must reflect the point of view of the observer with regard to the represented landscape and prove the importance and the influence of the place on the observer himself.

The deadline for submitting entries is the **15 of May 2010** by sending the images and the participation form to this e-mail: peopleslandscapes@uniscape.eu

Award

The images will become part of UNISCAPE's photographic archive and can be used for the principal banner of the UNISCAPE website.

The winner will be awarded with a 1000 euro prize and his/her images will be published on UNISCAPE's website.

Organization

UNISCAPE (European Network of Universities for the implementation of the European Landscape Convention)
