Cultivating continuity of the European Landscape

New challenges, innovative perspectives

editors

M. Agnoletti, S. Dobricic, T. Matteini, JM Palerm

section editors

1. S.Dobricic, V.van Eetvelde
2. G. Cartei, C. Cassatella,
3. R. Occhiuto, M. Vanore
4. JJ Galàn, JM Palerm
5. M.Agnoletti, A.Kruse
6. T. Matteini; C. Newman

0. Introduction

M.Agnoletti, S.Dobricic, T. Matteini, JM Palerm

1. New challenges for European Landscapes (section editors: S. Dobricic, V.van Eetvelde)

Introduction (*title to be defined*) S. Dobricic,

The life of plants : a metaphysics of Mixture, Emanuele Coccia

Climate change and other planetary pressures: is landscape science prepared for new reality?, Lučka Kajfež Bogataj,

Landscape, Property, and Spatial (In)Justice: Problems and Prospects of articulating Landscape as Commons in Law, Amy Strecker

Performing landscape, Frédérique Aït Touati

Concluding remarks (*title to be defined*) V.Van Eetvelde

2. Landscape Policy and Governance (section editors: C. Cassatella, G. Cartei)

Landscape Policy and Governance, *an introduction*

Stefano Civitarese Matteucci, Università degli Studi G. D'Annunzio, Chieti-Pescara

Landscape planning policy as a measure of implementation of the European Landscape Convention

Jørgen Primdahl, Copenhagen University
Policy and governance challenges facing European rural landscapes

Gianluca Cepollaro, Bruno Zanon, Scuola per il Governo del Territorio e del Paesaggio (step), University of Trento, Italy
An educational institution for the implementation of landscape policies and actions, promotion of sustainability, democracy and participation, in Trentino, Italy

Anna Laura Palazzo, Romina D'Ascanio, Roma Tre University, Italy
River Banks as Common Goods. A case study in Rome

Clara Queiroz da Costa, Maria José Curado, University of Porto, Portugal
National Landscape Policies of Europe

Luca Di Giovanni, University of Florence
One territory, one plan, many authorities: the future to really protect the landscape

Marius Fiskevold, Norwegian University of Life Sciences
Enclosing the horizon: Privileges of land and the right to landscape

Sara Govan, University of Edinburgh , Scotland
The ELC, a game changer in the Scottish policy discourse

Bosse Lagerqvist, Sandor Némethy, University of Gothenburg, Anders Nillson, Region Vastra Gotaland, Sweden
Landscape Observatory Västra Götaland & Balaton Ecomuseum – A Swedish-Hungarian Interaction for Sustainable Landscape Management

Marte Lange Vik, Western Norway University of Applied Sciences
Landscape and public participation in Norwegian local planning –an example of implementing the European Landscape Convention

Raffaella Lavisio, Politechnic University of Milan, Italy
The daily governance of the landscape: the contribution of the Local Landscape Commissions

Giovanni Marinelli, Monica Pantaloni M, Davide Neri, Polytechnic University of Marche, Italy
Common property in Europe: evolving landscapes design in time

Isabel Joaquina Ramos, Maria Freire, University of Evora , Portugal
Landscape policy in Portugal. Where are we?

Theano S. Terkenli, University of the Aegean, Nikolaos Skoutelis, Technical University of Crete, Greece
A country through crisis and beyond: the case of the Greek landscape

Daniele Torreggiani, University of Bologna, Juanjo Galan, Aalto University, Francisco Galiana, Universitat Politècnica de València, Bas Pedroli, University of Wageningen, Emilio Servera-Martínez, Universitat Politècnica de València
Planning the adaptation of European Landscapes to climate change: the experience of the EIT CLIMATE-KIC AELCLIC Project.

Concluding remarks (title to be defined)C. Cassatella

3. Landscape Design and Time (section editors: R.Occhiuto, M.Vanore)

Landscape design and time R.Occhiuto and M.Vanore

Marco Navarra, University of Catania, Italy
Fragile Earths. Architecture/Archaeology

Michel Hössler, Agence Ter, Paris
Time- tested design and implementation

Antonello Alici, Luca Andreoni, Francesco Chiapparino, Marco De Seriis, Ilaria Fioretti, Andrea Galli, Eva Savina Malinverni, Ernesto Marcheggiani, Francesco Paci, Roberto Pierdicca, Marche Polytechnic University, Italy
Underground Heritage Valorisation of Camerano's Caves in Center Italy: a Case of Transition Towards Projects Integrating the Local Community And Landscape

Caterina Anastasia, University of Lisbon, Portugal
Water-related Projects for the Urban Environment. The Case Studies of Lisbon Metropolitan Area

Barbara Angi, Alberto Soci, University of Brescia, Italy
Compromised Landscapes

Enric Batlle i Durany, Javier Rivera Linares, University Cardenal Herrera-CEU, Spain
Km0. Merging Public Space and Nature

Giorgio Caprari, Matej Gulic, Elio Trusiani, University of Camerino, Italy
Green infrastructure for the landscape reconfiguration of the VII Municipio of Rome: an open project, beyond urban regeneration

Chiara Caravello, Elisa Baldin, University of Liège, Belgium
Rhythm and continuity in the intervention to reactivate vacant urban spaces. Recognize the stratification of places to engage an autonomous process of integration between the parts

Daniela Colafranceschi, University of Reggio Calabria "Mediterranea", Italy
Seascape Design. A limit for the ELC

Angela D'Agostino, Giovangiuseppe Vannelli, University of Naples
An open project for the trembling landscape of the inner areas: fragile and wounded

Denis Delbaere, Ecole Nationale Supérieure d'Architecture et de Paysage de Lille (ENSAPL), France
The Art of Failing – The Urban planting' precarity as Landscape project' Ecology

Antonia Di Lauro, Polytechnic of Milan, Italy
The creative time of minimum landscape: from the microcosm of garden to the landscape infrastructure

Luca Maria Francesco Fabris, Polytechnic of Milan and Beijing University, Federico Camerin, University of Valladolid and Bauhaus-Universität Weimar
Abandoned Army Barracks in Friuli Venezia Giulia (Italy) as a Potential for New Time-shaped Community Landscapes.

Vittoria Mencarini, Gianni Lobosco, Luca Emanuelli, Massimo Tondello, University of Ferrara, Italy
Soil displacement. Landscape project as an infrastructure across building geography and grounding metabolism. The case study of Pialassa Piomboni constructed wetland in Ravenna.

José Luis Miralles i Garcia, Polytechnic University of Valencia, Spain
The des-structuring of the infrastructure landscapes

Daniela Ruggeri, IUAV University of Venice, Italy
Which future for Italian historical urban landscape – Veneto beta test

Stefano Tornieri, IUAV University of Venice, Italy
Mapping the Rhythm in wetlands

Massimo Triches, IUAV University of Venice, Italy
Venice Marathon: from landscape brand to healthy infrastructure

Project perspectives for making landscape, R. Occhiuto and M. Vanore

4. Observing Landscape (section editors: JJ Galàn, JMPalerm)

Observing Landscape: General reflections and linkages with the UNISCAPE2020 Conference

JJ Galàn and JMPalerm

Luigi Latini, IUAV University of Venice, FBSR
The design sense of landscape observing. Five open windows overlooking the Veneto landscape

Pere Sala I Martí, Catalonia Landscape Observatory
The Landscape Observatory of Catalonia: A journey of fifteen years.

Nina Maria Andersen, Sweco Norway
Aesthetically Performed Landscape Criticism

Torben Dam, University of Copenhagen, Denmark
Cultivating Drystone Walls – Regional observatories for European landscapes

Maria Freire, Isabel Joaquina Ramos, Maria da Conceicao Rego, University of Evora, Portugal
Landscape Observatory in Alqueva, Alentejo region (Portugal). Why it matters?

Juanjo Galan, Aalto University, Finland
Landscape Observatories: An analytical framework and a case study at the Landscape Observatory of Finland

Anders Larsson, SLU Alnarp, Sweden
Regional coordination of large scale infrastructure projects – a new role for Landscape Observatories?

Elena Lorenzetto, Fondazione Benetton Studi Ricerche, Italy
The Observation of Informal Landscape Public Participation

Maria da Graça Saraiva, Isabel Loupa-Ramos, University of Lisbon, Portugal, Veerle Van Eetvelde, Ghent University, Belgium
Governance challenges of a Local Landscape Observatory initiative in a remote landscape: ways ahead

Giorgio Tecilla, Landscape Observatory Autonomous Province of Trento, Alberto Cosner, Research group TeSto, Italy, *The Atlas of Terraced Landscapes of Trentino, Italy*

Maciej Zolnierczuk, Museum of King Jan III's Palace at Wilanów, Poland
The museum as an active observatory: protecting and shaping the landscape

5. Agriculture and Forest heritage (section editors: M. Agnoletti,A. Kruse)

Introduction (title to be defined) M.Agnoletti and/or A. Kruse

Jana Špulerová, Zita Izakovičová, *The selected indicators for typology of biocultural landscapes in Slovakia*

Nataliya Pozhidaeva, Alexandra Kruse, *The European Baykal – regional development inspired by the European Landscape Convention*

Codina Duşoiu, Tana Lascu, *The Forest Heritage System as Integrated Identity in the Urban Landscape of Campulung Muscel*

6. Visions/Innovative perspectives section editors: T. Matteini, C. Newman

Where the Disciplines Meet : Uniscape as a laboratory, T. Matteini and C. Newman

Towards the Continuity of European Landscape (title to be confirmed), S. Dobricic, C. Magnani

The European landscape as a task: understanding the past, engaging the present, living the future, B. Pedroli

Reflection/imagination, JM Palerm

Living in an Anthropocene: reconciling culture and nature for a sustainable future, C. Newman

Exploring the landscape dimension. Strategies and tools for the education of landscape specialists, T. Matteini

Not to conclude (title to be defined) T. Matteini and C. Newman

7. Landscape oriented bibliography

each section will be edited by corresponding disciplinary experts.
